

Quality • Consistency • Dependability

# Corrugated Materials

## Stock Boxes

With over **1,600** stock sizes, we offer single, double, and triple wall boxes to provide the right level of protection for your product. Available in both kraft and white finishes.

**Custom Sizing & Print Available -**  
Contact your sales rep for more information!

## Corrugated Sheets

Available in over **50** standard sizes, our corrugate sheets are offered in single, double, and triple wall construction to match the strength requirements of your application.

**Custom Sizing Available -**  
Contact your sales rep for more information!

## Honeycomb Corrugation

We offer honeycomb corrugation in a wide range of sizes and thicknesses, designed to deliver enhanced cushioning and structural support. Ideal for products that require extra protection, honeycomb corrugation helps absorb impact, distribute weight evenly.

## Single Face Corrugation

Our single face corrugation is available in "A" and "B" flute profiles across a wide variety of widths to meet diverse packaging needs.

**A-flute** (1/4") provides dependable shock absorption and crush resistance.

**B-flute** (1/8") offers a lower profile with increased flexibility.

## Bulk Bins / Gaylords

Bulk bins are available in a variety of sizes, shapes, and board grades to support multiple applications. They help protect large shipment quantities, secure irregularly shaped items during transit, and can be used as scrap receptacles to keep warehouses clean and organized.
